

Overview:

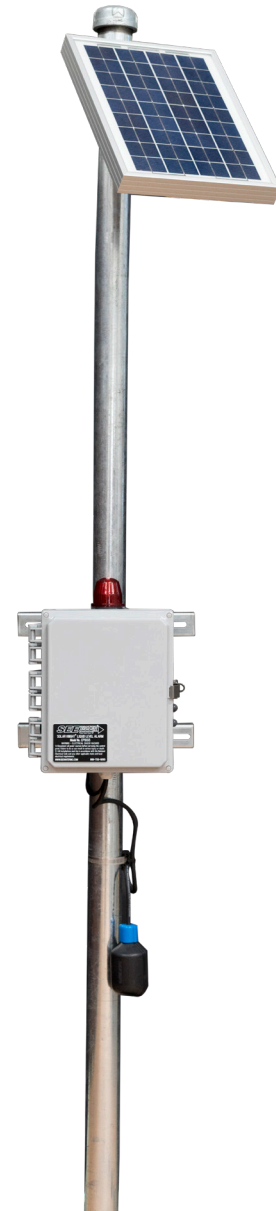

The Solar Knight® is a solar powered high liquid alarm system designed for monitoring liquid level in remote outdoor applications. The alarm is housed in a NEMA 4X heavy duty polycarbonate enclosure convenient for field wiring.

Features:

- UL Listed for the United States and Canada
- Solar cell provides 24/7 continuous power to high liquid alarm panel
- Indoor/Outdoor NEMA 4X heavy duty polycarbonate enclosure with lockable latch: 10"x8"x6"
- Includes narrow angle float switch with 20' cord
- Includes 10 watt Multi-Crystalline solar panel, 12V, 9.0 Ahr. sealed rechargeable battery, and solar charger
- Quick installation and low maintenance
- High liquid alarm with test and silence buttons, red beacon alarm light
- Alarm horn sounds at 85 decibels at 10 feet
- Dry contact for high liquid condition
- Solar panel mounting hardware
- Easy accessible terminal

Applications:

- Sewage and Wastewater
- Remote or Rural Containment
- Flood Zones
- Industrial Sumps
- Holding Tanks
- Residential Tanks
- Lift Stations
- Leach Line Sewage and Wastewater
